**Health**

**1985**

Do you believe in mercy killings

Does it bother you when people smoke in public places

How concerned are you about AIDS

Should children with AIDS be permitted in school

Should fast food restaurants be required to list the ingredients of their foods

What are your major health concerns

What makes a good medical doctor

**1986**

Do smokers bother you? When do you find smoking most offensive

Do you think the major airlines should ban smoking altogether

Do you think you will ever have plastic surgery

Have you used alcohol in the past year

How does the weather affect the way you feel

Should TV appeals for donor organs be a part of the transplant process

Should a portion of the state's lottery profits be used for the treatment of compulsive gamblers

The Surgeon General recommends that we teach young children the facts about AIDS to keep the deadly disease from spreading. How old should the kids be? How do you feel about his recommendation

To what age do you expect to live

**1987**

Are we playing God by using medical technology to help select the sex of our offspring

Do you think the publicity surrounding some transplant candidates increases their chances of getting a donor organ

Doctors: Are you fearful of catching AIDS from your patients? What precautions do you take

Does garlic really have medicinal purposes? What are some superstitions surrounding garlic

Has the AIDS scare influenced how you feel about the homosexual community

Have you considered having an AIDS antibody test, for safety's sake

How has the AIDS scare affected your sex life

How many of your pregnancies have been planned

If your doctor discovered you had a terminal illness, would you want to know

In your opinion, how important is it to use a sunscreen while sunbathing

Should couples have to take an AIDS test before getting a marriage license

**Health**

**1987**

Should restaurant personnel know CPR and the Heimlich maneuver

Would you support a bill that segregates smokers and non-smokers in restaurants and on the job

**1988**

Do you agree with passing out free needles to drug addicts to cut down on the spread of AIDS

Do you agree with the smoking ban on Northwest Airlines flights except to Hawaii

Do you favor a new drug being used as an alternative to surgical abortions

Do you think there should be a law banning the distribution of free cigarette samples on the street

Do you think Americans have become obsessed with health and fitness

Do you think doctors should be required to give names of AIDS patients to state health officials

Do you think medical costs are too high

Do you think medical researchers overstep the bounds of morality

Do you think parents should be able to choose the sex of their children

Do you think school lunches are nutritious enough

Do you think the transplant system in Pittsburgh hospitals is adequate

How are you handling the city's new smoking ban

How can we lower the infant mortality rate in this country

What are you doing to stay healthy and fit these days

What do you think about a decision that found a cigarette maker partly responsible for a smoker's death

What should be done to help the nursing shortage across the country

Will the new report released by the Surgeon General saying nicotine is addictive make you stop smoking

Would you mind working closely with someone you knew had AIDS

Would you undergo surgery to improve your looks

Would you volunteer to undergo tests for drug research

**1989**

Congress is considering a smoking ban on all domestic airline flights. How do you feel about that

Do you agree .. it's not immoral for doctors to help terminally ill patients commit suicide

Does the recent A.M.A finding that tanning is risky affect you

Summer's just around the corner. Do repeated warnings about the dangers of sun-bathing keep you in the shade

**Health**

**1989**

There have been rumors about a smoking ban at the stadium. Do you think an ideal like that would ever be passed

**1990**

Bathing suit weather isn't far off. What are you doing to get your body in shape

Before his death, Ryan White did a great deal to educate people about AIDS. Do you think people are more understanding and accepting of the disease today as a result

Broccoli has turned out to be a big issue with President Bush. What do you think of the whole "controversy"

Do you agree with City Council's plan to restrict the locations of cigarette vending machines

Do you think the increase of smoking bans across the nation will have an impact on the number of smokers

Now that the season is once again upon us, what's your favorite cold and flu fighting remedy

Should Children's Hospital be able to decide if a two year old abused, comatose boy there should be kept alive by life support

Should cigarette vending machines be banned

Should doctors have the right to help terminally ill patients commit suicide

Should runners be required to take physical exams before registering to run

Stormy Jones is back at Children's Hospital undergoing tests for liver rejection. What words of encouragement would you like to give her, and others in similar situations

This month is national fitness and sports month. Would you say you're physically fit

When Spring Fever hits, what do you feel like doing to cure it

**1991**

Do you think enough is being done to prevent the spread of AIDS

Do you think tobacco companies should be held liable for people who get cancer because of smoking

Do you think tougher restrictions should be placed on health care workers who've tested positive for AIDS

In light of the AIDS case in Florida, do you think there should be a law forcing doctors to tell their parents they have the disease

Spring is here and so is the diet season. What's one food you'd never give up no matter what diet you were on

## Health

- January 07, 1986 Donald Denny, Pittsburgh Transplant Foundation, after resignation, discussed that doctors managing foundation were sometimes playing favorites. Needy were not getting needed organ transplants. Following up, Presbyterian Hospital announces changes.
- January 17, 1986 Dr. Margaret Ragni, Spokesdoctor/Central Blood Bank of Pittsburgh, discussed drop-off in blood donations since "AIDS" scare. Dr. Ragni emphasized impossibility of contracting AIDS by giving blood - Blood Bank called and said more people came to donate.
- September 09, 1986 Dr. Easton Chawdry, Veterinary Advisor, Allegheny County Health Department, discussed problem of feeding pigeons in public places and a health hazard likely to develop.
- September 18, 1986 Pat Crawford, spokeswoman, Pittsburgh School Board, discussed having Wellness Clinics in schools; birth control in schools was another debated issue.
- October 15, 1986 Dr. Joshua Perper, county coroner, discussed new I.D. techniques adopted by Mercy Hospital after experts identified remains in hospital laundry as those of a monkey. They were later determined to be human.
- November 10, 1986 Dr. Jack Harclerod, researcher on marijuana abuse, Bucknell University, reports that regular use of marijuana among teenagers may delay sexual maturation by depressing production of reproductive hormones.
- November 17, 1986 Anita Sinicrope, Pittsburgh Education Network for Eating Disorders, reported that one of every 200 teenage girls suffers from an eating disorder. PENED distributes information on such illnesses, provides speakers, counseling and support groups.
- November 24, 1986 Jack Robinette, Hospital Council of Western Pennsylvania, discussed proposal by Pittsburgh City Councilman, James O'Malley, to put 4% tax on those using hospitals in city. City-funded municipal hospitals should be created if city taxes hospital users.
- January 06, 1987 Representative from McKeesport Hospital Blood Bank discussed blood shortage and how it is resulting in cancelled operations.
- January 18, 1987 Rev. David Else of Coalition for Addictive Diseases, discussed his group, who it might help, how to get that help.
- January 19, 1987 Ann Schwartzwalder, Central Blood Bank of Pittsburgh, discussed fact that there is little chance that anyone in area who received a blood transfusion between 1977 and 1985 was exposed to AIDS,

## Health

she feels it is a good idea to be tested.

- January 22, 1987 Helen Cindrich, executive director, People Concerned For The Unborn Child, discussed group's plans to lobby Senators Heinz & Spector, Congressman Doug Walgren.
